# PADI COURSE PRICE LIST

(VALID FROM 1 AUGUST 2024)

Our dive courses follow PADI standards to ensure safety and environmental protection. Students are covered by our Dive Shop insurance during course dives. However, due to Fiji's remote location, we strongly recommend comprehensive dive insurance, including emergency evacuation and travel coverage for potential cancellations or disruptions. A medical fitness statement is required for dive courses in Fiji. If you answer 'yes' to any questions, you'll need clearance from a physician.

## Social Engagement and Marine Conservation by Dive Academy Fiji – Your choice matters

We believe awareness and education are vital for protecting our environment. To preserve the Rainbow Reef, we initiated regular clean-ups in Taveuni and Viani Bay and started a coral restoration project with local community support. The area has been designated as a no-fishing zone. Our guests are welcome to participate in coral farming and visit the giant clam nursery. To increase marine ecosystem awareness, we teach at the local Primary School and offer free Discover Scuba Dives to the community. Our scholarship program helps aspiring dive professionals without binding them to long-term commitments.

Your booking helps us to fund the scholarship program.
